

INSTALLATION INSTRUCTION IS01 - Single Plate Installation Kit Silescent LED Fixtures

NOTE: this is a supplement instruction document showing alternate mounting using a Silescent Single Plate Mount Kit; reference the particular Fixtures mounting instructions to complete the installation.

1. Turn off power to fixture.
2. Remove existing fixture (if any)
3. Attach lighting circuit to junction box as per NEC and local regulations.
4. Insert mounting plate w/ attached junction box into opening. (Mounting plate may be broken at slits to accommodate opening size.)
5. Make electrical connections to light fixture as per the "Electrical Installation" section of the Installation Instructions
6. Attach Silescent Fixture to the junction box on the mounting assembly with hardware supplied with the fixture (*reference corresponding Silescent Fixture Installation Instructions*).
