SUPER EFFICIENT, SOLID STATE LIGHTING

Applications: Low Bay/Mid Bay Silescent LED Fixtures (*M – Series products*)

Standard Mounting
Silescent Fixtures are designed to mount directly into a standard Octagonal Junction Box.

Rigid Pipe, Pendant Mount
Alternative mounting for this Mid Bay fixture includes 1/2in (or 3/4in) rigid pipe pendant mount. The Silescent Mid Bay fixture mounts directly into a Junction Box (e.g., weatherproof) where it is then supported by standard rigid pipe. In-turn, the upper mounting can be through standard mounting options (hook, loop,
